React Native Store Locator App Template

Thank you for your purchase! We're excited to have you use our React Native Store Locator App Template. As part of your purchase, we've included the complete source code, so that you can use it however you want within the terms of the license.

Get started

Sketch Project - Download the Sketch project, if you are interested in changing the design.

Documentation - To get everything up and running (on both iOS and Android), follow the documentation. If you run into any issues while building the app in Xcode, check out this FAQ page on common issues and solutions.

React Native Errors - If you encounter any issues while following our tutorials, check out this page containing frequent React Native errors.

Firebase tutorial - Learn how to hook up your own Firebase account to the template

Android & React Native - Learn how to run our app templates on Android
iOS & React Native - Learn how to run our app templates on iOS

Push Notifications - Follow this step-by-step tutorial to enable push notifications with Firebase & React Native

Contact us if you run into any setup issues or any have questions about the template, license or source code. My personal e-mail address is florian.mrc@gmail.com, just in case. :)

Thank you & Enjoy,
